

**The 4<sup>th</sup> Angkor Photography Festival**  
**23 - 28 November 2008**  
**Siem Reap - Cambodia**

**FESTIVAL SCHEDULE**

After a focus on Asia in 2007, the festival's 2008 program presents works photographed around the world. This is consistent with the festival's mission of highlighting emerging Southeast Asian photographers.

The program includes six evenings of outdoor screenings and four exhibitions in different locations in Siem Reap, curated by the festival as well as by two internationally renowned photography editors, Sujong Song and Christian Caujolle.

For the fourth time, the Angkor Photography Festival will host Free Photo Workshops organized for 30 young Asian photographers, as well as a special day for the Anjali Children's project in a pagoda.
